Answer Keys For Our Worksheets

Learning Center Tables

To make the booths or individual stations. You can use plywood and 2x4s. It will look somewhat like this. You should make the back board long as shown here to help stabilize the whole unit.

Table is 8' long by 18" deep. The Dividers are 18"X18" . Use quarter-round on table top and backboard to form groove or slots for the dividers.

TOTAL 8 FT. LONG.... SECTIONS ARE 24" WIDE

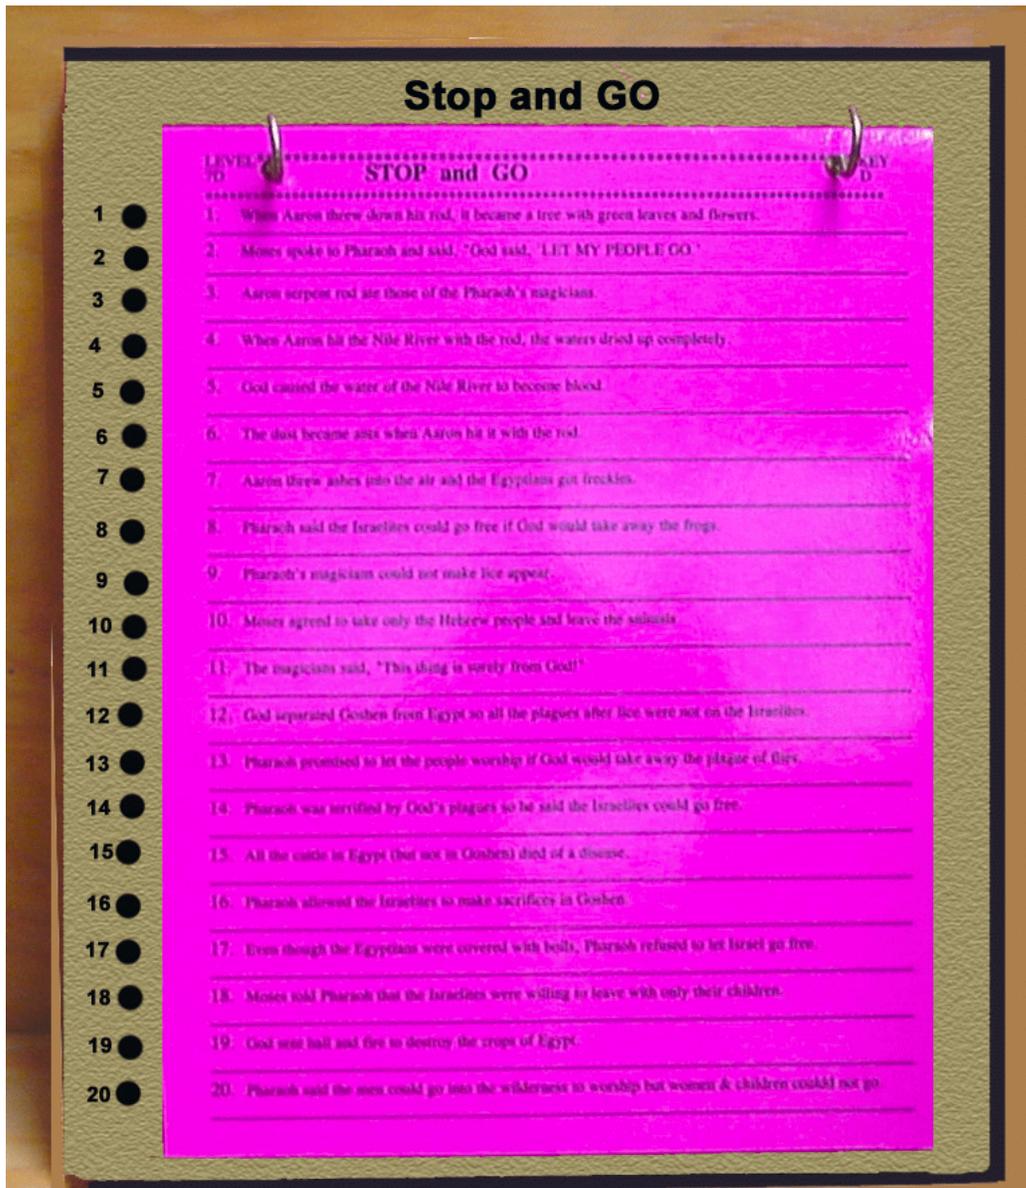

Have fun and let me know if I can be of further help.
I never claimed to be an artist so please just use your imagination and know-how!!

INSTRUCTIONS FOR MAKING STOP and GO

Laminate or cover sheets with clear contact paper.
Punch at top with a two hole punch (centering the page)

TO MAKE THE BOARD:

Position two nails in board from which you will hang the worksheet.
Drill 20 holes in the board to line up with the 20 statements on the worksheet.
Use RED pens to show False Statements and GREEN for True Statements.

Bible Wizard

The worksheets for Bible Wizard are designed to use with the Vtech Smart Play Electronic Game "World Wizard". These games are often for sale on ebay.com (search for Vtech and V-Tech and V Tech)

For worksheets using A and B answer keys, you must use the 19 and 20 World Wizard cards which come with the game.

For worksheets using C and D answer keys, you must use the 17 and 18 Word Wizard cards.

The worksheets MUST be printed on 8 1/2 X 14 index stock paper. Trim the sides of the paper along the lines at the side. Leave the top and bottom of the page as 8 1/2 inches.

Laminate the worksheets.

Use labels or glue a header at the top of each of the World Wizard cards (17, 18, 19, 20) And label as BIBLE WIZARD.... Key A, Key B, Key C, Key D.

Place the World Wizard card in the unit, insert the Learning Center worksheet over the card. Select ONE player, child must read the question beside the flashing light, locate and enter the correct answer. The unit will keep score!

Quiz Wiz or Quiz Master

Laminate the worksheets. Cut in half to make pages 4 1/4 X 11. Use lightweight colored 3 ring binders and trim them to the right size as shown here.

The **questions for Quiz Wiz** are designed so they will work with the **Coleco Quiz Wiz game**. This is an older electronic game but can often be found on Ebay.com.

The **questions for QuizMaster** are designed so they will work with the **Tiger Quiz Wiz game with answer module 1 (general knowledge)**. This game is a newer version of the original Coleco game but the answer sequence is not interchangeable between the games. The Tiger Quiz Wiz is easy to find on ebay.com. There are usually several for sale there at very reasonable prices.

This photo is the Tiger Quiz Wiz Game

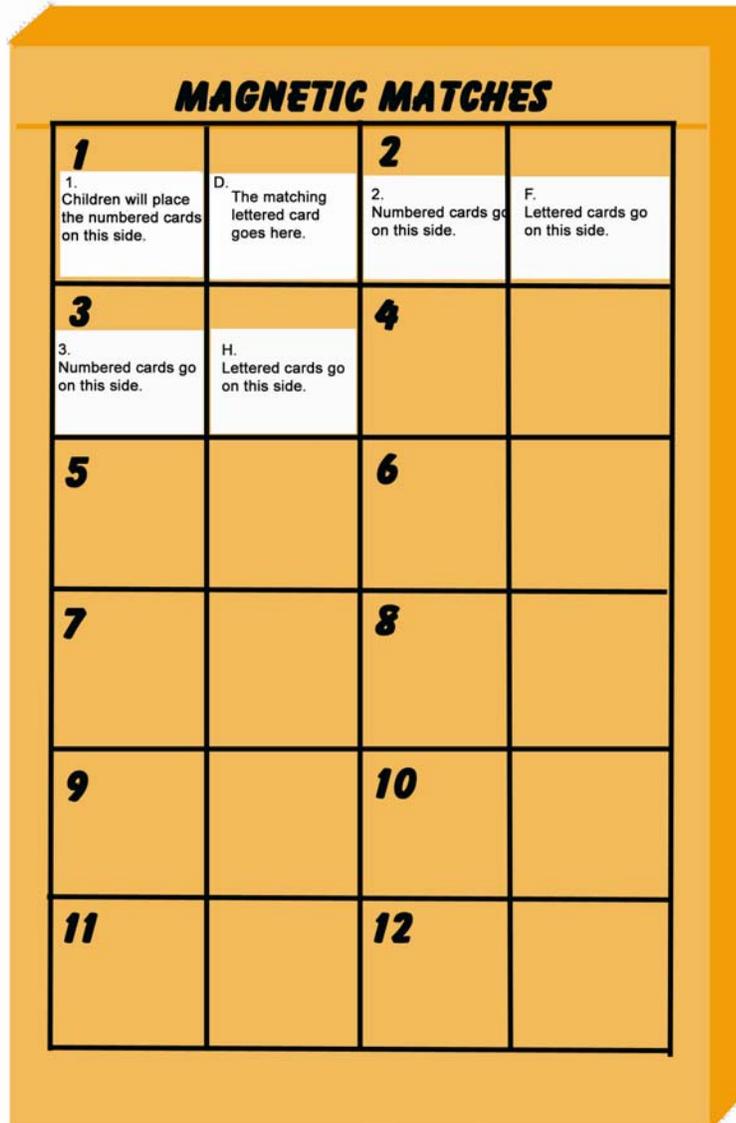

MAGNETIC MATCHES

Laminate or cover sheets with clear contact paper.
Cut out each of the 12 cards on each piece of paper.
Put a small piece of magnetic tape on the back of each card.

TO MAKE THE BOARD:

Use any kind of METAL board which will hold a magnet. A cookie sheet or metal counter protector works great.

Draw spaces on the board so kids will know where to place each piece. Put numbers on the one side as shown below. The kids should place all the numbered cards on the board first, then read the cards and match up the sentence parts.... placing the correct LETTERED cards opposite the NUMBERED cards.

FINISH THE SENTENCE

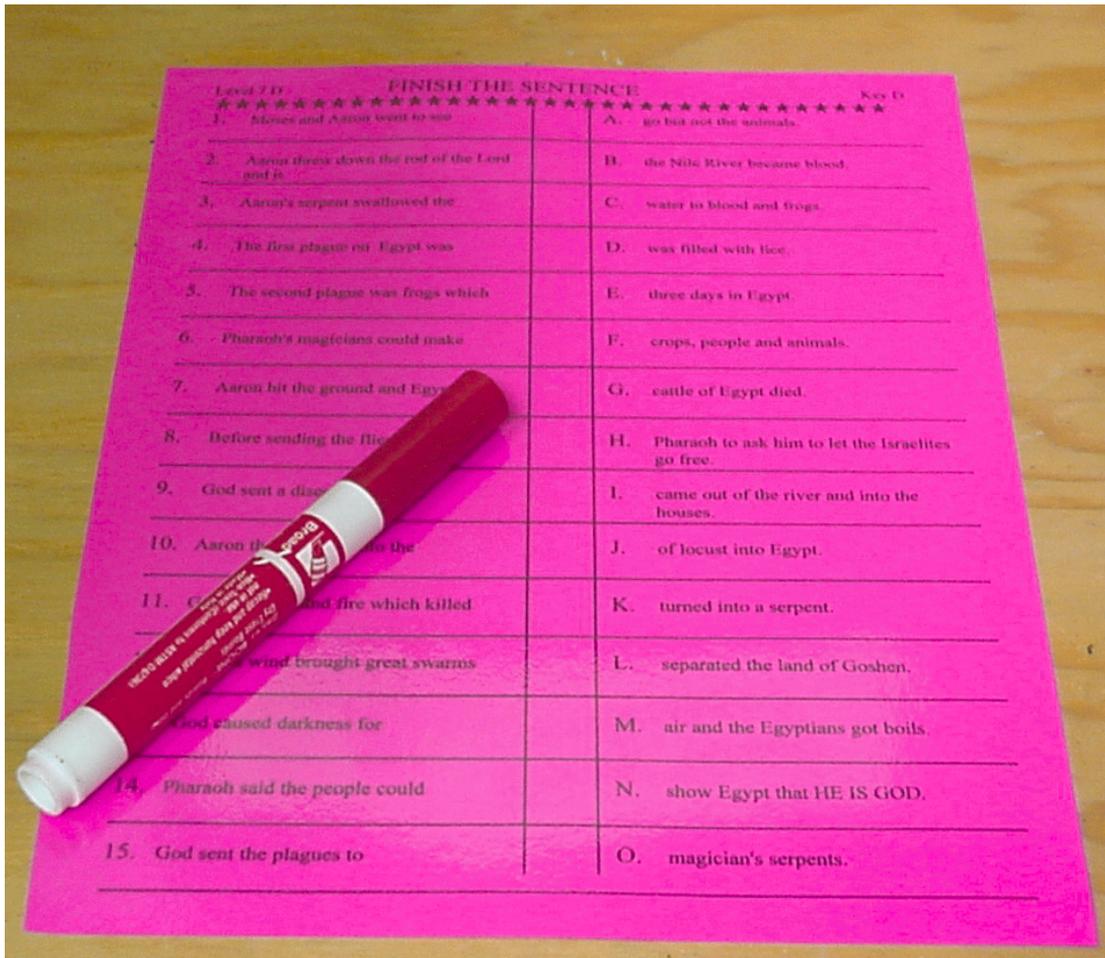

Laminate or cover each page with contact paper.

THE BOARD;

Use a sheet of plexiglas or one of those clear plastic picture frames.

Kids will use an erasable marker to mark their answers in the center of each page.

Example: If C. is the end of sentence 1. Mark a C in the center box.... etc.

ENLIGHTEN

Laminate or cover each page with clear contact paper.

THE BOARD:

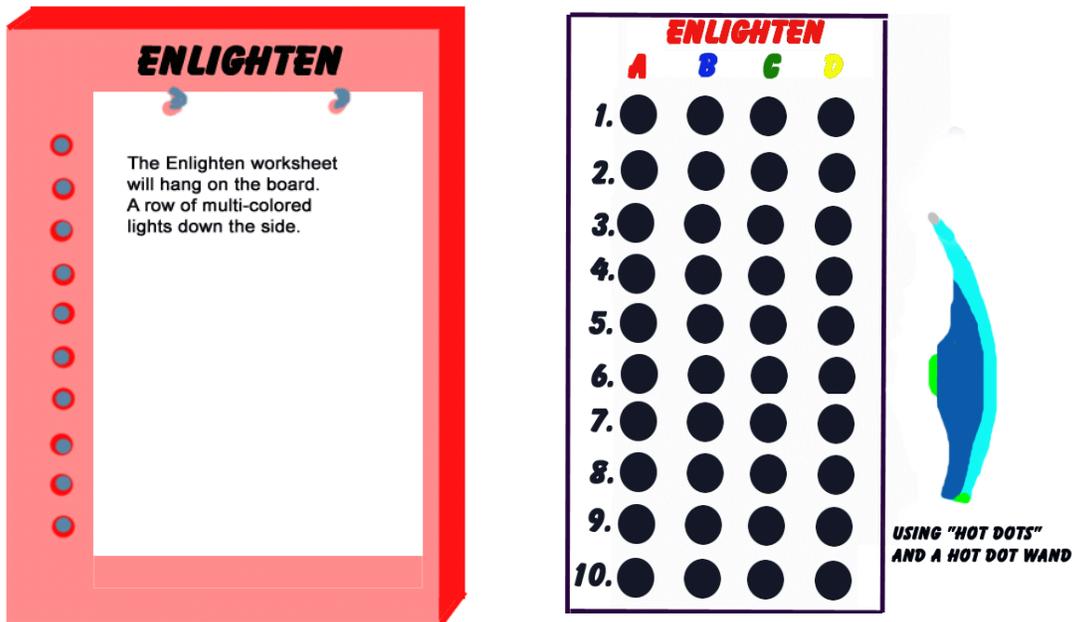

You can use ANYTHING you wish which would allow for multiple choice answers.

You could use a string of Christmas lights with 4 colors.

Mount the lights in a board with the wiring in the back side of the board and the sockets sticking out on the front of the board.

FOR EXAMPLE: The kids would screw in a RED if the answer is A; BLUE if the answer is B; GREEN if the answer is C; and WHITE if the answer is D.

To prevent any electric shocks, do not plug in lights until work has been finished.

If you prefer you may use any object which has 4 colors... colored dots, pins, etc.

You may also like to try this station using "hot dots" and a hot dot wand which may be purchased from Christian Book Distributors (Christianbook.com) or at teacher supply stores.

You will need to make 4 "Answering Sheets".

Just place 3 "cold dots" for incorrect choices and 1 hot dot for correct choice across a page for each question.

BIBLE TIMES

Cut out circles using the pattern enclosed.

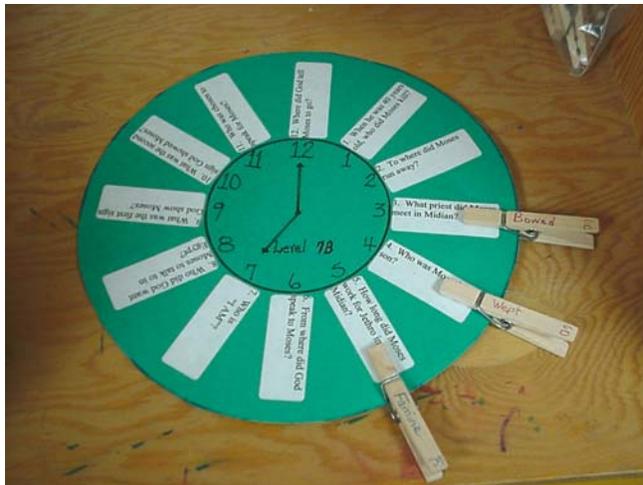

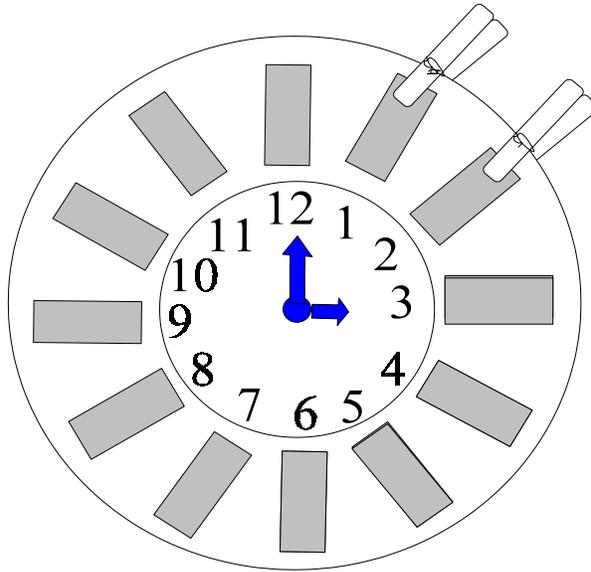

Draw the clock face on each side of the circle.

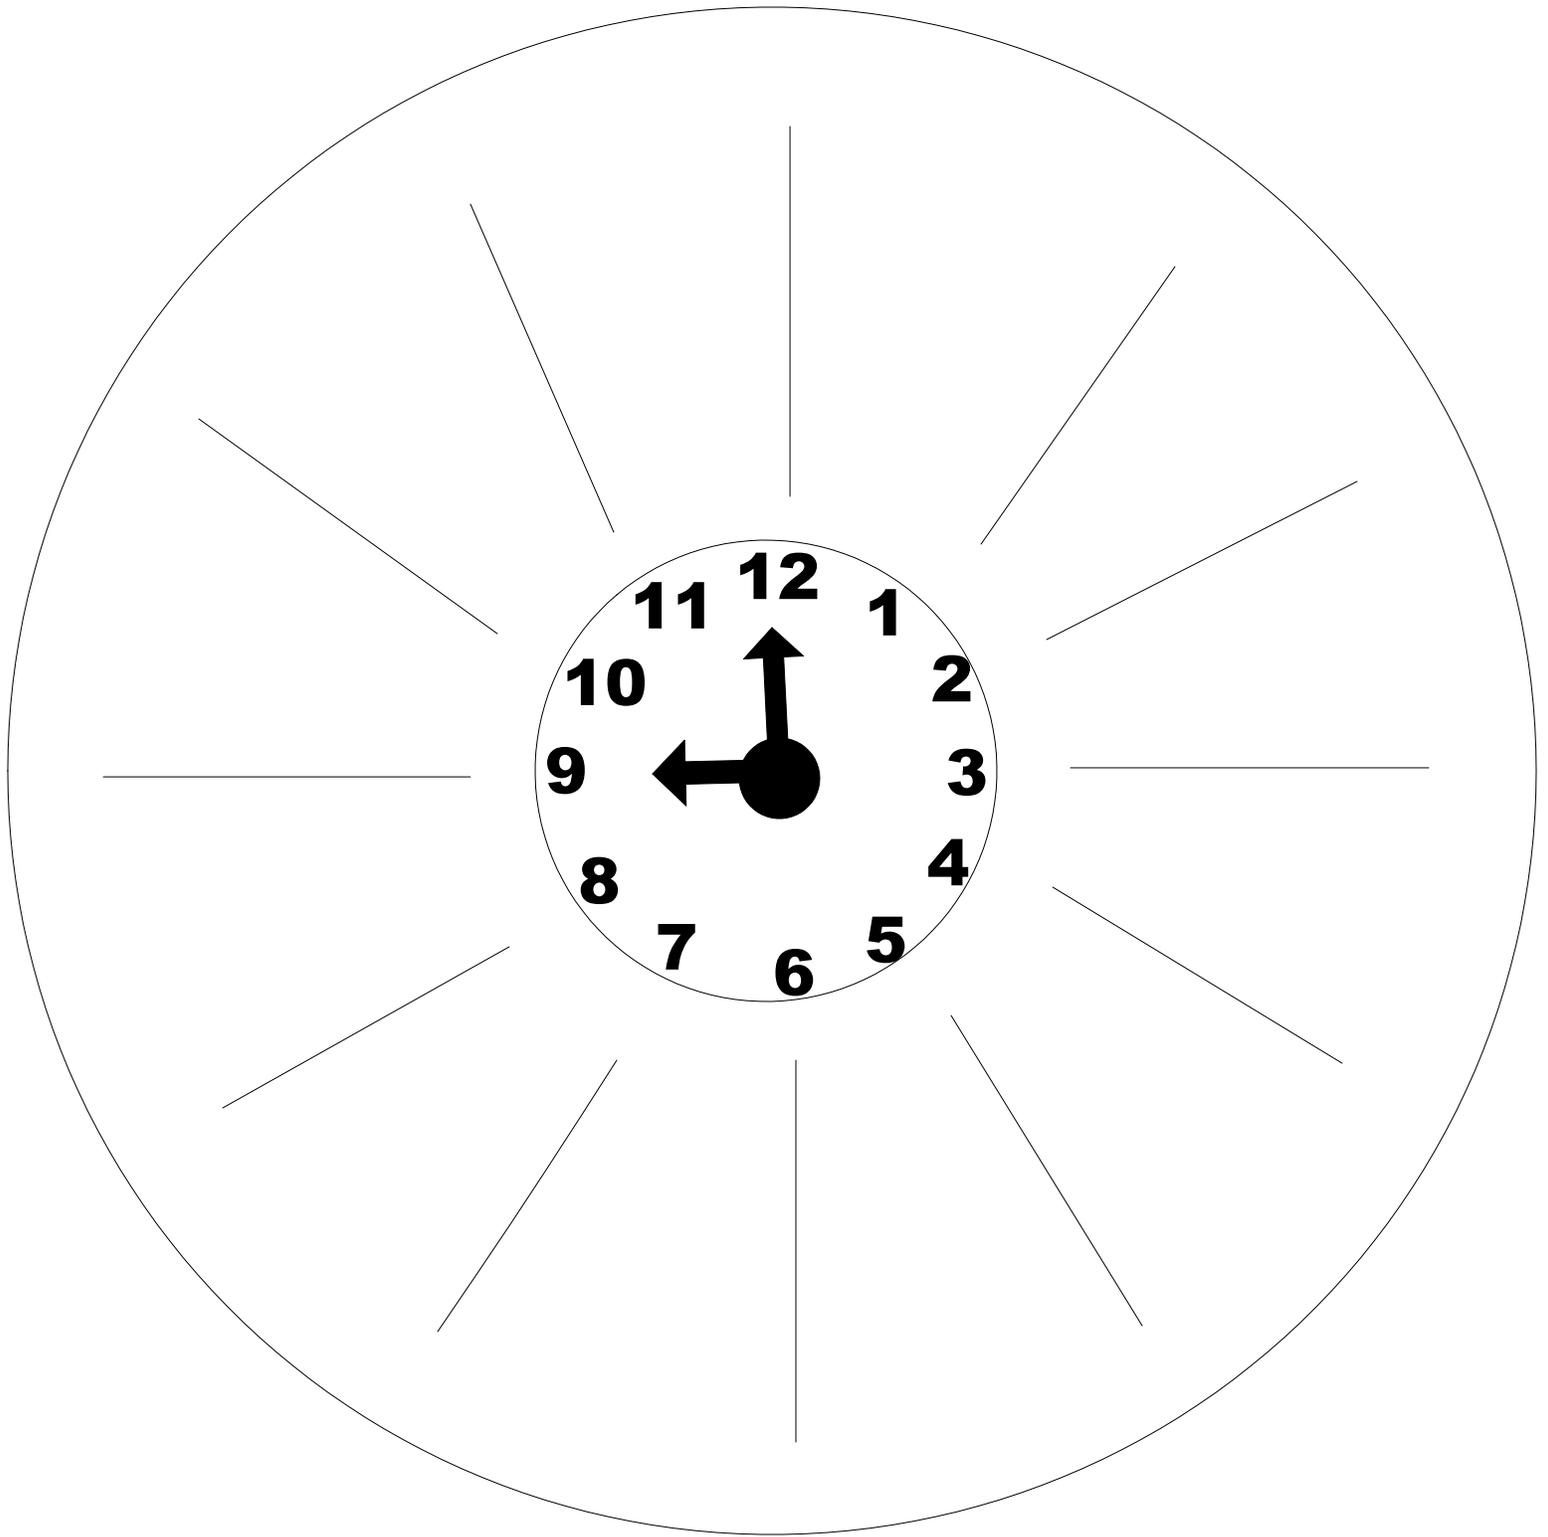

Place the printed labels on the circle opposite the numbers.

Cover the circles with contact paper or laminate.

Use wooden clothes pins for the answers. Write the 12 answers on 12 clothes pins.

Kids will place the clothes pins on the edge of the circle opposite each question.

Print on index paper and cut out circle. Attach the Bible Times labels on the outer circle corresponding to the numbers on the clock. Write the correct answers on clothes pin. Students must attach pins with answers to edge of circle.

BANDITS

Laminate or cover each page with clear contact paper.
Cut from top to bottom of each page along the line.
Use a two hole punch and center holes in top of both sections.

THE BOARD:

Put two nails at top of board to hold larger section of workbag.
Put two nails at top of board to hold smaller section of workbag.
Put a row of nails beside the end of each question.
Put another row of nails beside the beginning of each answer.

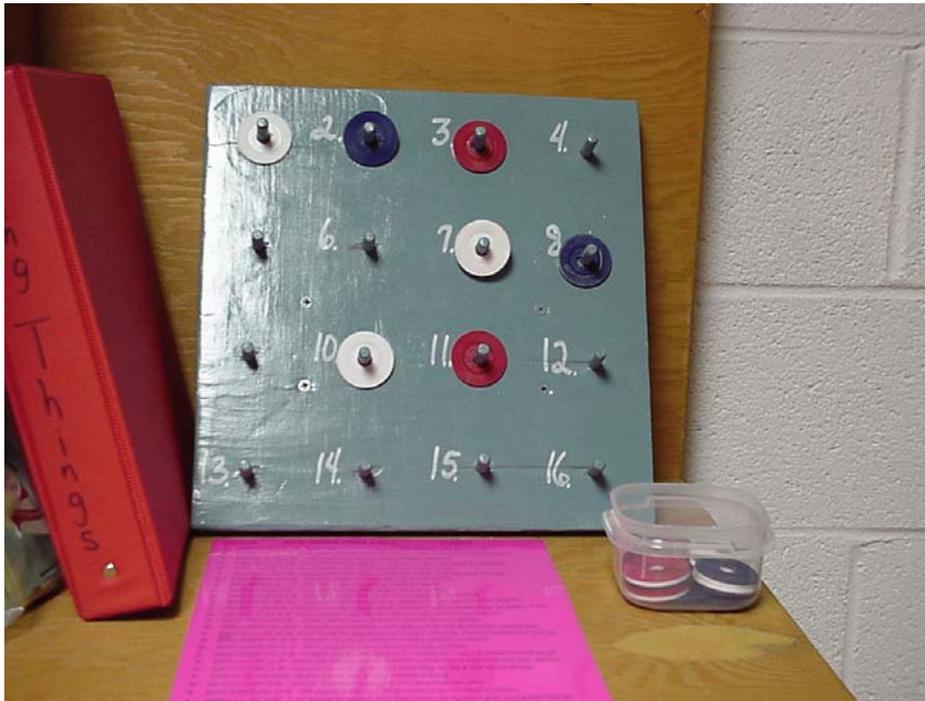

Kids will stretch rubber bands and hook over nails from each question to the answer.

Ring Things from A to Z

Make a station board by using 16 nails, hooks or dowels numbered 1 - 16. You will need Red, White and Blue rings to hang on the hooks. You can use poker chips but you'll have to drill a hole thru the center of the chips; or use large washers and paint them. Anything of the correct colors which can be hung on the board.

The worksheets may be kept in a binder or folder. Students must read each of the 26 statements on the worksheet and follow the directions. Only 16 of the statements are TRUE, so all the rings hanging on the board will match the TRUE statements.

Hang-Ups

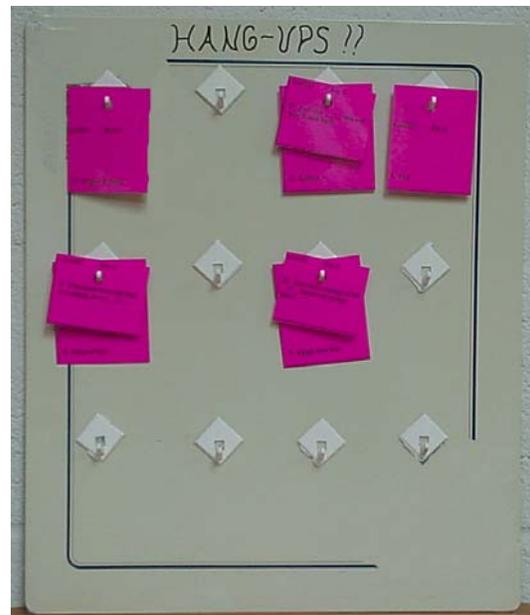

Make a board which can stand upright or use any flat surface. Attach 12 nails to the board (See A below) or use hooks (See B below).

The worksheets must be laminated then cut into cards along the lines. Punch a hold in the center top of every card. Snack size “ziplock bags” make great storage each story. The children will place all the larger cards on the board in the correct order. Then they will read the question on the smaller cards and place them over the large card with the correct answer.

(Sample A)

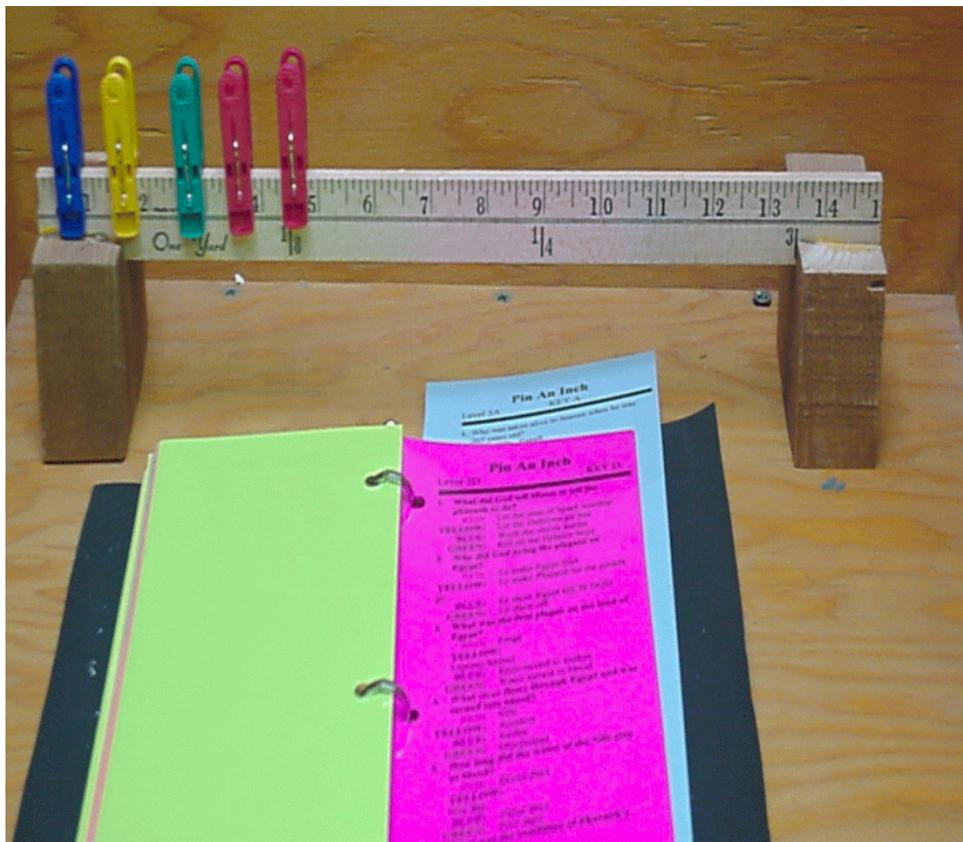

(Sample B)

Pin An Inch

Laminate the worksheet and cut in half down the middle. The thin pliable plastic binder in various colors make great binders for this station. They can be easily cut to fit the half pages. We use these binders in several of our stations. (See the Quiz Whiz picture for a good view.)

Cut a yard stick down to 15 inches.... (see photo) and mount it on wood blocks. Use colored clothes pins (usually found at Wal-Mart or Dollar Store) for answering each question.

Big Question

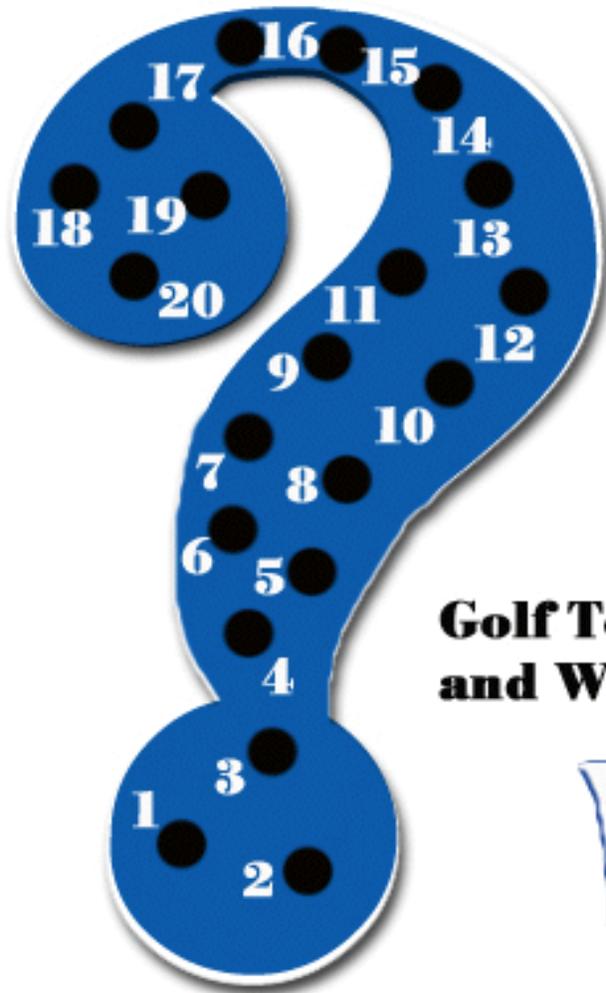

Have someone cut a large question mark from a piece of wood. Then drill 20 holes in the wood and number the holes 1-20.

Use blue and white golf tees or “Lite Brite” pegs for the answering pegs.....

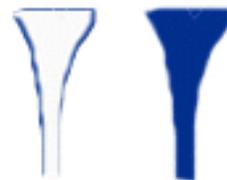

For True ... use BLUE

For False .. use WHITE

The question sheets should be laminated and stored in a binder or folder.

**Golf Tees
and Wooden ?**

Truth Test

For this station you will need to make a little wooden card holder. Use very thin wood. The back piece of wood should be about 5 inches tall and 5+ inches wide.

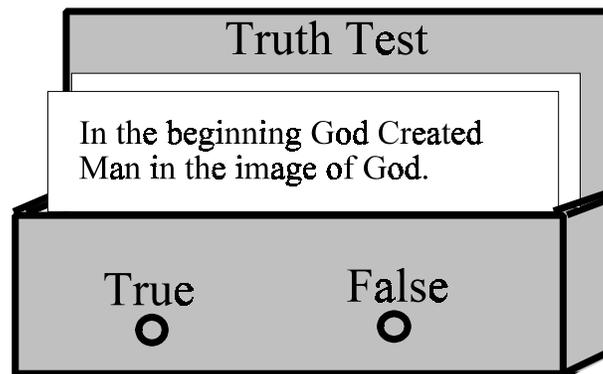

(Example if you use wood which is 1/8 inch thick. Your back piece should be 5 3/8 inches.)

Cut another wooden piece (the top piece) 5 3/8 inches wide and 1 1/2 inches tall. Cut two small pieces for the sides..... about 1 1/2 inches by 1/2 inch.

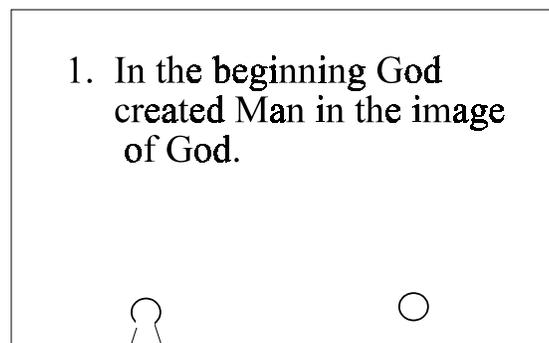

Drill two hole in the top piece. Mark the hole placement by punching a 3x5 card with a 2 hole punch and using it as a pattern. Mark the left hole as TRUE and the right one as FALSE.

Laminate, cut and punch each of the 3x5 question cards. You must use a 2 hole punch and punch the BOTTOM of the cards. Cut a notch on the from the edge to the punched hole on the left if the statement is TRUE or cut the notch to the hole on the right if the statement is FALSE. If the child answers correctly, the card will pull out and he can see the next card. If he is wrong, the card will not come out of the box.

Use a golf tee as an answer wand.

Sample of card.

Puzzling Bible Facts

**Our puzzles (printed and e-books) are made to go with “The Bible By Levels” curriculum.
Puzzles for Levels 1 - 8 were created by Cyndi Murphy
Puzzles for Levels 9-18 were created by Bettye Garrett**

We strongly suggest that you laminate a master answer key and one crossword puzzle for each story to be used as a copy Master. All you need for this station are a pencil, a Bible, a puzzle sheet and a clipboard.

Instructions for the Answer Keys

We have included the answer keys for the Learning Center Stations we produce. You should laminate the full sheet, then cut the cards into 3X5 size and store in or near each learning center station area.

The answer keys are programmed to meet the requirements of our station materials. We have made every effort to make these answer keys error-free; however, we may have made errors here or there. Please just make the corrections as necessary on your materials and drop us a note to let us know of the needed corrections.
